FORWARD TO ELECTRONIC EDITION

This section describes the methods and software requirements for efficient use of this electronic edition of:

Commemorative Postal Markings of French Indo-China, Viet-Nam, Cambodia, Laos through 1975/76.

Adobe Acrobat Reader

All year catalog files in this edition are encoded in Adobe Portable Document Format (PDF) and require the free Adobe Acrobat Reader for viewing. This software is available at URL: <u>http://www.adobe.com/products/acrobat/readstep2.html</u>. We strongly recommend using version 5.0.5 <u>Acrobat Reader with Search</u> that allows searching on the full text index included in this edition. This version is downloaded by selection the option: "Include option for searching PDF files and accessibility support (longer download)".

CD-ROM Contents

This edition is released on two CD-ROM's:

- disk 1 contains French Indo-China (section 1), Cambodia (section 4), and Laos (section 5);
- disk 2 contains the State of Viet-Nam (section 2), Republic of Viet-Nam (section 3), the Democratic Republic of Viet-Nam (section 6) and the National Liberation Front for South Viet-Nam (section 7).

Each CD-ROM contains the catalog introduction section, full text index, and Web Browser navigation page.

The contents of both CD-ROMs can be copied to the same directory structure on your computer hard disk, overwriting the duplicated files.

Catalog Navigation Page

The Web Browser navigation page allows easy navigation of the catalog contents. Microsoft Internet Explorer version 6 is recommended for use. The navigation page appears as:

The key to navigation within the catalog is that underlined text is 'linked' to the corresponding PDF file. Thus 'clicking' on <u>1950</u> will load and open, using Adobe Acrobat Reader, that specific catalog year. Using the Web Browser 'back' control will return to this navigation page.

This catalog navigation page is located on both CD's and is in the 'root' directory with the file name of <u>Commemorative Postal Marking.htm</u>. The proper method to access this file is:

- Start Microsoft Internet Explorer;
- Use the File | Open menu selection (as illustrated);
